

Grow your scope of practice and provide better patient care with evidence-based CPD from a multidisciplinary team of experts, on-demand and at your fingertips

Healthed for Nurses eLearning Hub

Join us to access 75+ courses and 30+ hours of CPD in our growing library of eLearning modules.

We engage leading experts from medicine, nursing and a range of fields to provide nurses and midwives with multidisciplinary, up-to-date, authoritative professional education in our easy to use online platform.

As a subscriber, you can access our ever growing library of high-calibre modules on-demand, on any device and at a pace that suits you.

We also offer FREE learning resources you can share with your colleagues including Podcasts, Mini-courses and CPD Documentation, so check in often to see what's happening on Healthed for Nurses!

Just some of our content partners:

"It's amazing!"

"This platform is easily accessible, and convenient as you can engage with the course at any time, and take breaks if needed"

"Excellent online learning courses"

"Love the format and the content"

Multidisciplinary leading experts

High-quality videos and quizzes
